Vision

Our primary objective is to facilitate the all-round development of all children in a safe and nurturing environment, enabling every child to develop into a well-adjusted, confident, free-thinking global citizen. CPS seeks to empower each student to actualize their potential, to be confident in their endeavors whilst imbibing values of humility, work ethic, honesty, duty, and legacy. True Education means preparation for life and moves beyond the confines of academics and extra-curricular activities. We aim to help a student develop emotionally and spiritually through a strong value system that has been incorporated into the curriculum. CPS seeks to instill the time-tested values in children to ensure that in their process of growing up, they learn to be honest, compassionate, truthful, sincere and well-rounded citizens.

Mission

We envision a dynamic learning community that fosters creativity, critical thinking, and compassion. Our commitment is to empower students to become lifelong learners, global citizens, and leaders of positive change. We strive to create an inclusive and nurturing environment where diversity is celebrated, and each individual is valued. Through innovative teaching methods and cutting-edge technologies, we aim to inspire curiosity and a passion for knowledge. Our vision is to cultivate well-rounded individuals who not only excel academically but also develop strong character, resilience, and a sense of social responsibility. We believe in instilling values that promote integrity, respect, and collaboration. As a beacon of educational excellence, we aspire to adapt to the evolving needs of the 21st century, preparing students to thrive in a rapidly changing world. Together with dedicated educators, engaged parents, and supportive community partnerships, we are shaping the future leaders who will make a positive impact on society. our vision is to be a catalyst for transformative education, unlocking the full potential of every student and inspiring a lifelong love for learning."

Facilities

Transport Facilities

The school has its own vans for taking students to different places for participating in various activities . School provides transport facility to students across the city. To ensure total safety of children the vans have attendant on board . At present the school has a fleet of 4 vans. It will be the responsibility of the parents to ensure that their children reach the pick-up points well in time, as the transport will not be delayed if the child is not available at the pick-up point. In case of any problem regarding vans the Transport Incharge may be contacted.

Library Facilities

The library in our school is being made the most attractive place in the school so that students will be naturally drawn to it. Research shows that reading for enjoyment is more important for children's educational success than their family's socio-economic status. To develop kids' interest in reading, we have an interesting collection of story books like PANCHTANTRA , MORAL STORY BOOKS, GRANDMA'S STORIES, FAIRY TALES like Cinderella, Snow white and seven Dwarfs, etc. The way to get children reading is to leave the library door open and let them read anything and everything they want.

Computer Labs

Computer education in school plays important role in students' career development. Almost everywhere computers are used at large. This is the need of the hour to educate students in computer education.

Sports Facilities

Playing sports can help students increase their self-esteem and develop more confidence . A sportsman knows that winning and losing are parts of sports, so maintaining , a sportsmanship is the best way of mental strength and success.

Audio Visual Room

To enhance the teaching learning experience and accelerate the reading, writing, and listening skills our school has a spacious and air conditioned Audio Visual Room.

Smart Classrooms

Studies have found that Smart Class can make a huge difference in the learning habits of students. Students have this tremendous ability to work skillfully with various devices. What students used to achieve with half a dozen textbooks is now made available with just a touch, in the form of a tablet. It is a transformation of previous methodology, used in traditional schools, from 'one to many' to 'one to one' guided system of learning.

Internet Facilities

The network backbone is designed with dedicated Fiber Optics cable and the internal network is equipped with Cisco 2900 Router Series and Cisco 2960 Switches. A dedicated 1 Gbps internet main line supports the academic infrastructure round the clock and provide access to the resources on the Internet. The academic block is internally connected through Wi-Fi as well as wired LAN. The hostel is connected to the academic block through RF. The hostel also

has 24×7 network access through Wi-Fi .Both the academic block and the hostel area use D-link DWL – 3200 secured Wi-Fi connectivity.

Labs

The laboratory is the real place for learning science like physics, Biology and chemistry through practical experiments. Our school keep fairly enough stock of the apparatuses and tools required to perform the experiments. Each child is given individual attention keeping in mind the fact it is an age of rapidly expanding information technology, we have made computer science compulsory subject from class 1 upwards.

Health Care

A healthy body consist of a healthy mind, spirit and soul. An infinite flight of mind requires a healthy leap of physical fitness too. Ensuring it our school provides a fulfilling and throbbing ground experience to the students. Variety of sports activities, mental training and concentration prepares a sound body system to tackle all possible hurdles in the world outside.

Picnic & Education Outings

Excursions at school extend education beyond the classroom. Students and teachers have visited numerous places around our school as well as distant places and find the experience of living and travelling together a rich opportunity for learning and in becoming familiar with environmental issues, with our historical heritage and with important cultural centers. The school places a lot of importance on supplementing classroom learning with visits to places of historical, cultural and geographical importance. Children of primary classes are taken out for picnics to spots in and around Kurukshetra, senior students are taken for educational tours and sports tour to places like Delhi, Punjab, Haryana, etc. International tours and visits are also organized to countries like Nepal, Bhutan & Thailand, etc.

Music & Dance

The school has a full of fledged music and dance faculty with a variety of instruments. Both music and dance a vital factors in creating harmony in the students life. They are contributory ingredients in maintaining the emotional health of a student. Music as well as dance absorb stress and make a person feel relaxed regularly we hold the competitions among the students like singing completion , solo dance competition group dance, drama and others too to enhance the inner abities of our students.

Art & Craft

And it's not just about crafts. We provide space, equipment and – crucially – the technical help to make full use of this for students across Painting, Drawing and Printmaking, Photography, Film, Graphic Design, Games, Illustration, Fashion, and more. And we are firm believers in an open door policy. Students across all areas of the school can use equipment across campus. We encourage fashion designers to work with photographers; film-makers can collaborate with costume; and lots, lots more.

Online Fees Submission

Among the current Indian digital environment, E-Payments is becoming the chosen way to pay. It is safe and convenient, users are moving to digital option for multiple choices of payment – through credit or debit cards, bank accounts and e-Wallets. With Internet Payments is becoming one of the most user-friendly payment options in the recent times it is required for the parents also to make payment online for their ward's school fee.

Annual Report

Date 21.03.24

Letter from the principal:

Fatehpur, Uttar Pradesh, is a semi-urban region where agriculture predominates as the main occupation. Perceiving the significance and merit of education for the advancement of society, Mr. Sunil Kumar Srivastava, the manager of the school, conceived of establishing an educational institution where the young progeny of humble families could obtain quality education. Since 1998, Children Public Senior Secondary CBSE English Medium School has been upholding a high standard in the field of education and co-curricular activities. It has been recognized as one of the best schools in the CBSE Prayagraj region. And now, the tree of CPS, Fatehpur is spreading its branches to different corners of the state to provide a standard education to the disadvantaged children and the children of humble families with all modern amenities. The accomplishments of the students and the diligence of the faculty and management have elevated the school to the meridian of excellence in education. We are proud of our school's mission to endow our students with the skills and knowledge they need to thrive in the 21st century. We offer a comprehensive and balanced curriculum that cultivates academic, physical, social and emotional development. We also motivate our students to partake in various extracurricular activities, such as sports, arts, music, clubs, and community services that augment their learning experience and expand their horizons. We are thankful for the support and collaboration of our parents, alumni, and partners, who share our vision and values.

We aspire to learn even more and to transform CPS, Fatehpur into a global school. We envisage “**Vashudhaiv Kutumbakam**”

Thank you and kind regards."

Thank you message:

Dear Students, Faculty, and Staff,

I express my heartfelt gratitude to each and every one of you. Your dedication, hard work, and commitment to excellence have been the driving force behind our school's success.

I would like to thank dear students for their enthusiasm for learning, creativity, and determination inspire us every day. Keep pushing the boundaries of knowledge and continue to pursue your dreams with passion.

I would also like to appreciate the team of faculty members and staff whose unwavering support, innovative teaching methods, and tireless efforts in nurturing our students' growth are truly commendable. Thank you for your relentless dedication and professionalism.

Together, we have achieved remarkable milestones and created a positive learning environment where everyone thrives. Let's carry forward this spirit of collaboration and continue to strive for excellence in the coming sessions.

Warm regards,

'We believe in togetherness'

Co- Scholastic Activities

support the curriculum. It is very important to sharpen the mind through different skills. Fine and gross motor skills are integrated in the syllabus. Mind sports like general knowledge quiz, reading & writing skills are given importance. Health and hygiene awareness programs and fun based events like school fete and farewell are also an integral feature of the school calendar. Debates, discussions and extempore are organized on a regular basis.

HOUSES

➤ The vibrant colour of the blazing fire symbolises the energy and enthusiasm that is filled in students. It enables them to take up challenges not only to win but also to accept defeat with grace

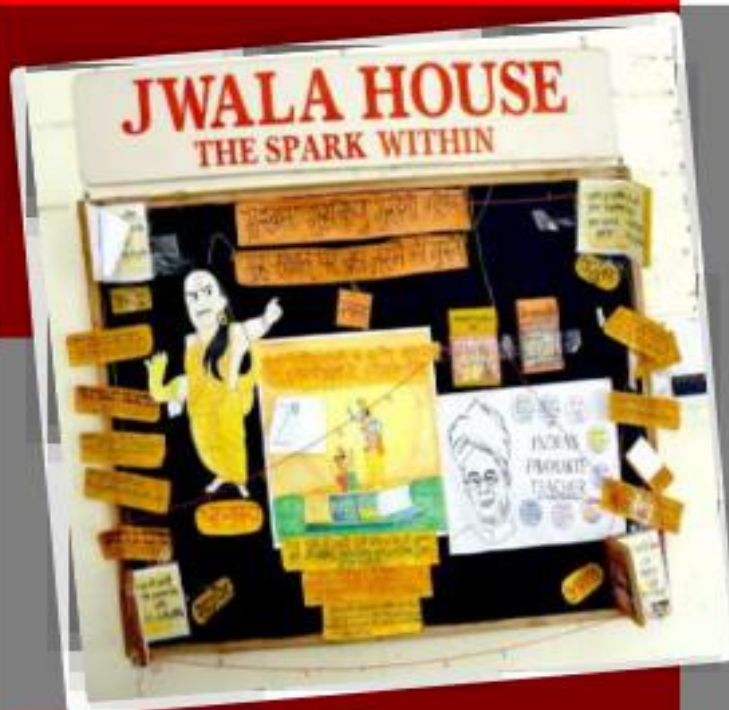

➤ SURYA HOUSE

The rising sun of the yellow house reminds the student of the new beginning each day. It gives the message that each day is an opportunity to improve and correct the students learn to do and undo and are encouraged to start all over again - AFRESH.

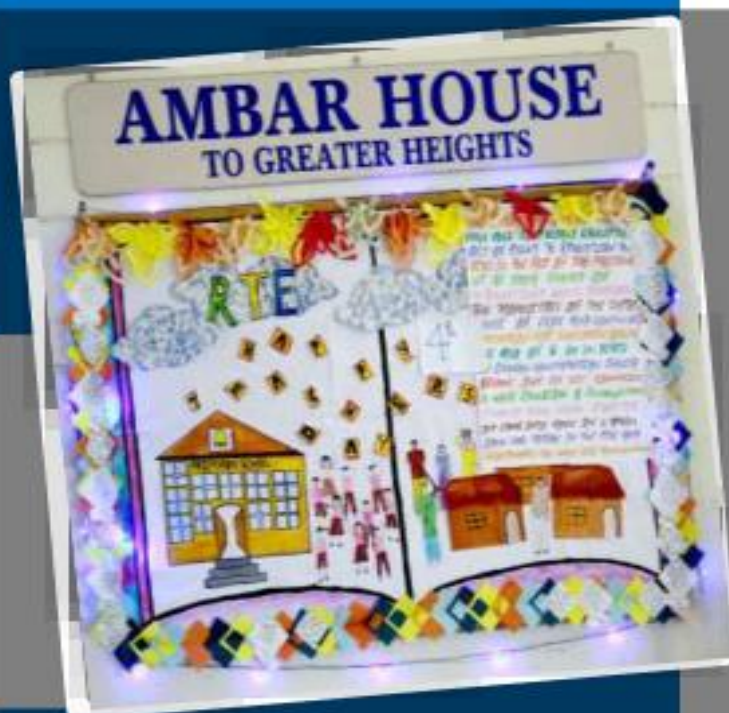

JWALA HOUSE

The endless blue colour sky denotes endless opportunities and limitless learning. It is a communion with the Almighty. The students are prepared to have a broad mind-set and are trained to hear, not to answer, but to understand.

AMBAR HOUSE

The green colour symbolises the quality of renewing and restoring. The strength of the earth is regeneration. The students are nurtured to work on their growth with harmony and perseverance. It encourages students to discover their creativity and keep exploring.

Morning Assembly 'together we shine'

Inter House Competitions Beyond The Subjects...

Road & Fire Safety

Celebrating Festivals

Parents Teachers Meet

Summer Camp

Summer camp is specially a crafted program designed for children to develop their various skills like social skill, leadership skill, emotional skill, language skill and also to grow patriotism, confidence in them.

Science Practical

Principal & Teacher's Training

CARRIER COUNSELLING

SOCIAL AND ENVIRONMENTAL RESPONSIBILITY

Students at CPS are made aware of the social obligation and environmental responsibilities. Workshops and talks are organised to make the students aware of traffic safety, girl child security etc. Cycle rallies on the health awareness and tree plantation drives are a continuous effort of the school time and again.
